Oh, ugh, feel better.

I'm willing to be a reviewer. Lynda did mention to me yesterday that there are a number of things going on. Can you confirm that the two meetings are tomorrow (Whitman and NWEA)? And also, I saw this in Lynda's note to Ellen this am: "If you need background on how we got we are with OR, please reply all and Don Waye can send you the briefing we did for Nancy on this last fall."

If you can just send me that, I'll have it if she asks and I won't bother you the rest of the day so you can take care!

Thanks,  
Katie

Katie,

Just letting you know my status...

**Ex. 6 - Personal Privacy**

Also, a heads-up: on yesterday's Oregon CZARA call, we started getting into a division of labor discussion. We would like to involve you as part of the team for reviewing the public comments we received on Oregon's Ag WQ program\*. We also received new/expanded info from the State on how its Ag WQ program works, so we'll also look for your help in reshaping a new version of the Ag rationale that is likely to result from all this new info. R10's Alan Henning would likely lead our Response to Comments for that section and NOAA's Allison Castellan would also be pretty involved. Ditto for the rationale rewrite.

[\*You may recall that we did not propose a disapproval based on Oregon's Ag WQ program, but NWEA raised some issues that compelled us to seek public comment regarding Ag.]

Thanks.
